

FIELDLEARNING (MSWFD-GS)

MSWFD-GS 2100 Practicum Instruction I (4 Credits)

Typically offered Fall, Spring, and Summer terms

The Generalist Practice Practicum course provides students with supervised practice experience in their assigned agencies under the instruction of professional social workers. The overall purpose of these courses is to introduce students to engagement, assessment, goal setting, intervention, and termination across micro, meso, and macro social work practice. Students intervene across a range of systems that includes individuals (older adults, adults, adolescents, and children), couples, families, agencies, and communities.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 2200 Practicum Instruction II (4 Credits)

Typically offered Fall, Spring, and Summer terms

This course builds on the objective of previous Practicum courses and provides students with supervised practice experience in their assigned agencies under the instruction of professional social workers. The overall purpose of these courses is to introduce students to engagement, assessment, goal setting, intervention, and termination across micro, meso, and macro social work practice. Students intervene across a range of systems that includes individuals (older adults, adults, adolescents, and children), couples, families, agencies, and communities.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 2300 Practicum Instruction III (4 Credits)

Typically offered Fall, Spring, and Summer terms

Specialized Practice, Practicum III, builds on the objectives achieved in previous Practicum courses in the Generalized Practice year. Students move from a generalist perspective to specialized clinical practice with complex individual, family, group, and larger community/organizational client systems.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 2400 Practicum Instruction IV (4 Credits)

Typically offered Fall, Spring, and Summer terms

Practicum Instruction IV builds on the objectives achieved in Practicum III. Students move to increasingly complex specialized clinical practice with individual, family, groups and larger community/organizational client systems, developing as professional social work leaders and change agents. In addition, students demonstrate accountability for lifelong learning and professional development.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 2500 Practicum Instruction OYR-A (6 Credits)

Typically offered Fall

OYR A is required of all students in the One-Year Residency Program. This course provides social work perspectives of specialized clinical practice with complex individual, family, group, and larger community/organizational client systems within their assigned agency setting.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 2600 Practicum Instruction OYR-B (7 Credits)

Typically offered Spring

This course, a continuation of OYR A, is required of all students in the One-Year Residence Program. Students move to increasingly complex specialized clinical practice with individual, family, groups and larger community/organizational client systems, developing as professional social work leaders and change agents. In addition, students demonstrate accountability for lifelong learning and professional development.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 3100 Practicum Instruction 32Mo I (3 Credits)

Typically offered Summer term

The Generalist Practice Practicum course for 32-month students provides students with supervised practice experience in their assigned agencies under the instruction of professional social workers. The overall purpose of these courses is to introduce students to engagement, assessment, goal setting, intervention, and termination across micro, meso, and macro social work practice. Students intervene across a range of systems that includes individuals (older adults, adults, adolescents, and children), couples, families, agencies, and communities.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 3200 Practicum Instruction 32Mo II (2 Credits)

Typically offered Fall

This course builds on the objective of previous Practicum courses for 32-month students and provides students with supervised practice experience in their assigned agencies under the instruction of professional social workers. The overall purpose of these courses is to introduce students to engagement, assessment, goal setting, intervention, and termination across micro, meso, and macro social work practice. Students intervene across a range of systems that includes individuals (older adults, adults, adolescents, and children), couples, families, agencies, and communities.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 3300 Practicum Instruction 32Mo III (3 Credits)

Typically offered Spring

This course builds on the objective of previous Practicum courses for 32-month students and provides students with supervised practice experience in their assigned agencies under the instruction of professional social workers. The overall purpose of these courses is to introduce students to engagement, assessment, goal setting, intervention, and termination across micro, meso, and macro social work practice. Students intervene across a range of systems that includes individuals (older adults, adults, adolescents, and children), couples, families, agencies, and communities.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 3400 Practicum Instruction 32 Mo IV (2 Credits)

Typically offered Summer term

Specialized Practice, Practicum IV, for 32-month students builds on the objectives achieved in previous Practicum courses in the Generalized Practice year. Students move from a generalist perspective to specialized clinical practice with complex individual, family, group, and larger community/organizational client systems.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 3500 Practicum Instruction 32Mo V (3 Credits)

Typically offered Fall

Practicum Instruction V, for 32-month students, builds on the objectives achieved in previous Practicum courses. Students move to increasingly complex specialized clinical practice with individual, family, groups and larger community/organizational client systems, developing as professional social work leaders and change agents.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No

MSWFD-GS 3600 Practicum Instruction 32Mo VI (2 Credits)

Typically offered Spring

Practicum Instruction VI, for 32-month students, builds on the objectives achieved in previous Practicum courses. Students move to increasingly complex specialized clinical practice with individual, family, groups and larger community/organizational client systems, developing as professional social work leaders and change agents. In addition, students demonstrate accountability for lifelong learning and professional development agents.

Grading: Grad Silver Pass/Fail

Repeatable for additional credit: No
