- Technology and Entrepreneurship (MBA) (<https://bulletins.nyu.edu/graduate/business/programs/technology-entrepreneurship-mba/>)

## Dual Degrees

The Stern School of Business offers dual degrees in collaboration with other schools at NYU. See Dual Degrees (<https://www.stern.nyu.edu/programs-admissions/mba-programs/dual-degrees/>) for more information.

Please review Dual Degrees (<https://www.stern.nyu.edu/programs-admissions/mba-programs/dual-degrees/>) for application requirements to any of our dual degree programs. Applicants must apply and be admitted to each school separately. Applicants should apply for financial aid following the instructions from the school they will be attending for most of the academic year. Unless admitted to a formal dual degree program, New York University students may not pursue two degrees simultaneously at different schools of the University. Detailed information on dual degree program scheduling and structure is available on the Academic Affairs and Advising (<https://www.stern.nyu.edu/portal-partners/academic-affairs-advising/>) website.
