ADVANCED OCCUPATIONAL THERAPY (MA)

Department Website (http://steinhardt.nyu.edu/ot/)

NYSED: 22700 HEGIS: 1208.00 CIP. 51.2306

Program Description

In this one-year post-professional MA program in Advanced Occupational Therapy, students advance their skills and knowledge in occupational therapy by combining core courses in theory, research methods, and clinical practice with electives in areas like assistive technology, neurology, pediatrics, and more.

Students in this Master of Arts degree are professionals in the field looking to take their occupational therapy skills and knowledge to the next level.

After completing the one-year degree, students are prepared to return to the workforce with an enhanced understanding of occupational therapy ethics, theories, research, clinical practice, and a broadened perspective of the field of occupational therapy.
