

# INCLUSIVE CHILDHOOD TEACHER RESIDENCY (MAT)

Department Website (<https://steinhardt.nyu.edu/programs/childhood-education/>)

NYSED: 40814 HEGIS: 0802.00 CIP: 13.1202

## Program Description

The Inclusive Childhood Teacher Residency program is a full-time, 12-month residency program undertaken in partnership with select district and charter schools, to prepare candidates for initial certification in childhood education and special education. District and charter school partners are carefully selected by NYU faculty to provide students with on-the-ground cohorts at each training academy where they create a community of practice alongside their teacher mentors. NYU faculty deliver all course instruction in a personalized online environment designed for extensive one-on-one mentorship. All teacher residents are eligible for some level of scholarship and financial aid.

The coursework and fieldwork lead to eligibility for dual initial teacher certification in New York State in childhood education, grades 1-6 and special education, all grades.

## Admissions

Admission to graduate programs in the Steinhardt School of Culture, Education, and Human Development requires the following minimum components:

- Résumé/CV

## Learning Outcomes

1. Build relationships with students and families with the goal of fostering student learning, engagement and wellbeing.
2. Integrate theory/research with pedagogical and classroom practice.
3. Develop and implement discipline-based curricula, unit plans and lessons that are coherent, use culturally relevant pedagogies, and foster experiential learning.
4. Create and apply classroom strategies that are explicit, innovative, appropriate for a specific context, and use technology to support student learning.
5. Develop a practice that is equitable and inclusive and acquire the skills of a professional educator.

## Policies

### Department of Teaching and Learning

#### Policy on Academic Progress

Students are expected to maintain satisfactory progress each semester per Steinhardt's policy on academic progress. The minimum required GPA for satisfactory academic progress is a 3.0 (equivalent to a B) for Master's and Advanced Certificate students in the Department of Teaching and Learning. A grade minimum of B- in student teaching seminar courses is required for students in teacher certification track programs.

Students with a grade point average below this will be considered not making satisfactory progress and will be reviewed by the Steinhardt Committee on Student Progress. Please review Steinhardt's Academic Policies and Procedures (<https://steinhardt.nyu.edu/current-students/academic-policies-and-procedures/>) page for more information.

#### Pass/Fail Grading Option

MA and Advanced Certificate students in the Department of Teaching and Learning are not permitted to take required courses Pass/Fail. Elective courses may be taken Pass/Fail with program approval. The Pass/Fail option must be chosen by the fifth week of classes for the Fall and Spring semesters and the fifth day of Summer session classes.

#### Fieldwork Placement

Be advised that fieldwork placement facilities that provide training required for your program degree, and agencies that issue licenses for practice in your field of study, each may require you to undergo general and criminal background checks, the results of which the facility or agency must find acceptable before it will allow you to train at its facility or issue you a license. You should inform yourself of offenses or other facts that may prevent obtaining a license to practice in your field of study. NYU Steinhardt will not be responsible if you are unable to complete program requirements or cannot obtain a license to practice in your field because of the results of such background.
