

MUSIC THERAPISTS (MA)

Department Website (<http://steinhardt.nyu.edu/music/>)

NYSED: 07921 **HEGIS:** 0832.00 **CIP:** 13.1312

Program Description

The MA program in Music Therapy prepares students to use their skills and artistry to benefit people facing a variety of mental, physical, and emotional challenges. Students learn how to work with people of all ages, including children with special needs, adults with psychiatric illness, children and adults with physical illness including the terminally ill, and elderly clients. The curriculum provides a unique combination of advanced clinical training and academic coursework to enable students to develop their own individualized approach to music therapy.

Career Opportunities

Music therapists work with a wide range of age groups and challenging conditions and are employed in a variety of settings, including mental health facilities, special education settings, medical hospitals, rehabilitation facilities, nursing homes, hospices, public and private schools, community clinics, and in private practice.

Special Opportunities

Off-Campus Clinical Placements

The Program in Music Therapy offers many clinical opportunities for students at all levels of training. Students have worked with talented professionals in prestigious clinical facilities throughout the New York City area, including Bellevue Hospital, Beth Israel Hospital, the NYU Medical Center and Rusk Institute of Rehabilitation Medicine, Memorial Sloan-Kettering Cancer Center, Baltic Street Outpatient Clinic, and the New York City Department of Education.

Nordoff-Robbins Center for Music Therapy

The center, located on campus, offers clinical opportunities for student fieldwork and internship experiences with a variety of child, adolescent, and adult clients. The center also offers an advanced training course in clinical techniques and procedures leading to certification in the Nordoff-Robbins Music Therapy approach.

Guided Imagery and Music

Students may pursue a special sequence of courses in guided imagery and music, offered by the Program in Music Therapy in cooperation with the Creative Therapies Institute. Guided imagery and music is a therapeutic process that combines the inherent structure, movement, and spirit of music with an individual's own creative process of imagery.

Accreditation and Licensure

The program qualifies students for Licensure in Creative Arts Therapy (LCAT) in New York State after graduation and 1,500 hours of post-graduate supervised practice. The LCAT is a license unique to New York State. The program is approved by the American Music Therapy Association (AMTA) and upon graduation qualifies a student to apply for national certification in music therapy (MT-BC).

The MA program in Music Therapy (<https://steinhardt.nyu.edu/degree/ma-music-therapy/>) is affirmed by the National Association of Schools of Music (<https://nasm.arts-accredit.org/>) (NASM) and approved by the

American Music Therapy Association (<https://www.musictherapy.org/>) (AMTA).

Admissions

Admission to graduate programs in the Steinhardt School of Culture, Education, and Human Development requires the following minimum components:

- Résumé/CV
- Statement of Purpose
- Letters of Recommendation
- Transcripts
- Proficiency in English

See NYU Steinhardt's Graduate Admissions website (<https://steinhardt.nyu.edu/admissions/how-apply/graduate-students/>) for additional information on school-wide admission. Some programs may require additional components for admissions.

See How to Apply (<https://steinhardt.nyu.edu/degree/ma-music-therapy/how-apply/>) for admission requirements and instructions specific to this program.

Program Requirements

Course	Title	Credits
Major Requirements		
<i>Professional Competency</i>		<i>17-29</i>
MPAMT-GE 2043	Music Therapy Practicum: Children & Adolescence ¹	3
MPAMT-GE 2053	Music Therapy Practicum: Adults and Elderly ¹	3
MPAMT-GE 2931	Music Therapy: Advanced Theory and Methods I ¹	3
MPAMT-GE 2932	Music Therapy: Advanced Theory and Methods II ¹	3
MPAMT-GE 2933	Music Therapy Research ¹	3
MPAMT-GE 2934	Clinical Improvisation in Music Therapy	2
MPAMT-GE 2947	Group Music Therapy I ²	2
MPAMT-GE 2948	Group Music Therapy II ²	2
MPAMT-GE 2935	Internship in Music Therapy I	5
MPAMT-GE 2951	Current Issues in Music Therapy	3
<i>Advanced Competency</i>		
MPAMT-GE 2938	Key Concepts in Music Therapy I	3
MPAMT-GE 2942	Key Concepts in Music Therapy II	3
MPAMT-GE 2943	Theory Development in Music Therapy	3
MPAMT-GE 2936	Internship in Music Therapy II	5
MPAMT-GE 2947	Group Music Therapy I ²	2
MPAMT-GE 2948	Group Music Therapy II ²	2
MPAMT-GE 2940	Theory and Application of Improvisation in Music Therapy	3

MPAMT-GE 2062	The Voice in Music Therapy	2
MPAMT-GE 2939	Cultural Humility in Music Therapy Practice	1.5
MPAMT-GE 2093	Verbal Aspects of Music Therapy	1.5
MPAMT-GE 2094	Digital Technology in Advanced Music Therapy Practice	3
<i>Culminating Experience</i>		
MPAMT-GE 2949	Music Therapy Final Project	2
Total Credits		48-60

¹ Students with a prior degree in music therapy may be waived from up to 12 credits from among these courses.

² Students take this 2 credit course twice.

Graduate Music Theory and History Requirements

Proficiency in music theory and history is a requirement for all graduate students in the NYU Steinhardt Department of Music and Performing Arts Professions. The music theory and history requirements outlined here apply to all students enrolling in Masters, PhD, DMA, or Advanced Certificate/Diploma programs in the following areas:

- Instrumental Performance (String Studies, Woodwind Studies, Brass Studies, Percussion Studies, and Jazz)
- Music Composition (Concert Music, Songwriting, and Screen Scoring)
- Music Education
- Music Technology
- Piano Studies
- Vocal Performance
- Music Therapy

Students applying to the Masters, PhD, or Advanced Certificate/Diploma programs who have completed a music degree in the Department of Music and Performing Arts Professions at NYU Steinhardt within the last five years are exempt from the music theory and history entrance requirements. This exemption is granted based on 1) passing scores on prior MPAP music theory and history entrance exams, or 2) successful completion of prior remedial coursework required by former placement exam scores. *All DMA applicants are required to take the exam regardless of prior degrees from the department.*

Exceptions:

- PhD students in Music Technology are exempt from these requirements.
- Students matriculating in the Screen Scoring concentration in Music Theory and Composition for the 2025-26 and 2026-27 academic years are exempt from the music history requirement.
- Music Therapy students are exempt from the music history requirement. They are required to take the music theory entrance exam. Based on exam results, remediation is determined and fulfilled within the Music Therapy program.
- Music Therapy Focus/Music Education PhD program students who have graduated from the NYU MA music therapy program are exempt from again meeting the history/theory requirements. This exemption also applies to students who have graduated from an American Music Therapy Association approved master's music therapy program.

Music Theory Diagnostic Exam

Graduate students in music must complete a music theory diagnostic exam at any point before registering for the first semester of coursework. DMA applicants are required to complete the exam as part of the application process, no later than the first week of December for Fall enrollment.

The diagnostic exam gauges students' knowledge of written theory, aural theory, and sight-singing. Students who do not pass the exam (or portions thereof) will be required to complete a maximum of four credits from the courses listed below, assigned in accordance with their exam results:

- MPATC-GE 2301 Music Fundamentals
- MPATC-GE 2232 Graduate Review of Tonal Theory
- MPATC-GE 2035 Graduate Review of Aural Skills

Music History Requirement

Students who have completed a minimum of two music history courses (equivalent to two 2-credit history courses at NYU) as part of their undergraduate or graduate degrees prior to arrival are exempt from supplemental coursework in music history.

Evaluation of course equivalence will be completed by the student's academic program based on student transcripts. History courses must have been completed within the last five years for Masters and Advanced Certificate/Diploma programs and within the last 7 years for doctoral programs.

Students missing this foundational coursework must complete up to two 2-credit music history courses offered through the Music and Performing Arts Department. Students should consult with their advisors on the most appropriate music history courses for their degree program.

Additional Information

Courses taken to satisfy a proficiency requirement are supplemental to those required by any graduate degree program. Remedial courses cannot be used to meet degree requirements.

Graduate Remedial Coursework

Course	Title	Credits

Total Credits		60

Learning Outcomes

Upon successful completion of the program, graduates will:

1. Demonstrate an understanding of the different forms and areas of music therapy practice and be able to situate psychotherapeutic music therapy within the spectrum of areas of application.
2. Demonstrate an understanding of music therapy theoretical approaches, including those drawn from related areas such as psychology and neuroscience, in addition to indigenous approaches.
3. Use piano, guitar and voice to improvise and compose music appropriate to the clinical goals of individuals and groups.
4. Implement clinical music therapy treatment in a holistic fashion that integrates emotional/behavioral goals with functional goals in rehabilitative areas.

5. Integrate and apply both theoretical knowledge and methodological skills to clinical work with clients from diverse backgrounds.

Policies

Program Policies

Students in this program must maintain a minimum cumulative GPA of 3.0 and a term GPA of 3.0.

Effective Fall 2025, students must obtain a B or better in all Music Therapy program courses to count toward their degree progress. These courses can be attempted a maximum of two times. Attempts include B- or lower in Music Therapy program courses final grades as well as course withdrawals; term withdrawals/leaves of absence do not factor into the number of attempts.

Students who obtain a B- or lower in Music Therapy program courses will be reviewed by the Committee on Student Progress for Notice of Academic Alert or Notice of Academic Concern. Students who are not able to complete and pass Music Therapy program courses with a B after two attempts will be reviewed by the Committee on Student Progress for Notice of Academic Concern or dismissal.

Fieldwork Placement

Be advised that fieldwork placement facilities that provide training required for your program degree, and agencies that issue licenses for practice in your field of study, each may require you to undergo general and criminal background checks, the results of which the facility or agency must find acceptable before it will allow you to train at its facility or issue you a license. You should inform yourself of offenses or other facts that may prevent obtaining a license to practice in your field of study. NYU Steinhardt will not be responsible if you are unable to complete program requirements or cannot obtain a license to practice in your field because of the results of such background.

Department Policies

Academic Advisement

Academic advisement is a shared responsibility. As a student, you will be responsible for making decisions about your academic, professional, and personal path. You will work in partnership with your assigned advisor(s) to develop an academic plan and a course of study in alignment with your career goals. In particular, you will:

- Understand the philosophy that guides the discipline/major
- Learn about degree requirements, including prerequisites, electives, and course sequencing
- Develop and maintain an academic plan that meets the requirements for the successful completion of the degree and maintenance of good academic standing
- Plan a program of study that integrates other academic options and opportunities (e.g. study abroad, honors courses, co-curricular and professional activities, minors, etc.)
- Be aware of and adhere to the policies, procedures, and deadlines that guide academic study (e.g. drop/add, registration, pass/fail option, etc.)
- Initiate advising meetings and actively prepare for them by bringing a planned schedule and concerns and/or questions for discussion
- Be familiar with school/university student services and resources and actively seek assistance when needed

- Pursue professional development opportunities by engaging with faculty, alumni/alumnae, professional organizations, and career resources on campus

Engaging with the above responsibilities requires checking your NYU email on a regular (i.e. daily) basis and responding to emails from your advisor in a timely manner. Students who have questions about their academic plan or how courses are falling in their Degree Progress Report should contact their advisors as soon as these questions arise to seek clarification and updates, if needed.

Add/Drop

Registration changes, including credit changes, must be completed before the end of the add/drop period. These dates may be found on the academic calendar (<https://www.nyu.edu/students/student-information-and-resources/registration-records-and-graduation/academic-calendar.html>). After the add/drop period is over, students may not change the number of credits for which they are registered in a variable credit course. After the end of add/drop, students may not drop a course but must withdraw. Withdrawing from a course is indicated by a "W" on a student's transcript.

In exceptional circumstances beyond the student's control (such as those resulting from administrative or advising errors), advisors may request that a late schedule change be reviewed by the Academic Operations team.

Students should consult with their advisor regarding the number of credits that they register for in a variable credit course. When necessary, advisors will confer with the instructor of the course or program faculty to confirm the requested number of credits. Once confirmed, the student's advisor must request approval and grant it to the student directly before the student may move forward with registration.

Attendance

Attendance is mandatory for Departmental courses. All students are expected to attend class regularly and to actively participate in class activities. Students who enroll in the course within the drop/add period are excused for the class sessions they miss. Students who must miss class for reasons other than late enrollment are required to notify the instructor in advance via email. All students who miss a class for any reason are responsible for all material covered during the missed class meeting(s).

Our Department does not permit students to "zoom" into in-person courses if they are ill. If a student is unwell and unable to attend class, they will be marked as absent and are responsible for missed course material.

Religious observance (<https://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/university-calendar-policy-on-religious-holidays.html>), illness (<https://www.nyu.edu/students/student-success/resources-for-student-success/student-success-resources-for-campus-partners/faculty-guidance-student-support.html#absence>), and family emergencies are grounds for excused absences. If a student cannot attend class for any of the above reasons, they must email the instructor in advance, and all assignments must still be submitted within 24 hours of the due date. If the nature of the absence prevents a student from sending advance notice, they must communicate via email with the instructor as soon as possible for the absence to be excused.

If a student misses more than one week of class or has repeated absences during the term, the instructor will use NYU Connect to notify the student's advisor about attendance concerns so that the advisor can

provide appropriate support to the student. Repeated absences may have an impact on the student's participation grade.

Auditing

The Department of Music and Performing Arts Professions does not permit students to audit courses. Students must be registered for the course in order to be able to attend the course. See Auditing Classes (https://steinhardt.nyu.edu/current-students/register-classes/registration-policies/#h3_auditing) for more information.

Change of Major

1. Any students who are interested in applying for a change of major (https://steinhardt.nyu.edu/current-students/register-classes/registration-policies/#h3_steinhardt-change-of-major), before following the below process, must contact the program advisor for the program to which they plan to apply. They should also be in contact with their current advisor, to indicate their intentions to apply for change of major. See Academic Advising (<https://steinhardt.nyu.edu/departments/music-and-performing-arts-professions/academic-advising/>) for more information. Please note that changing concentrations (i.e. from a Vocal Performance Music Theatre concentration to Classical Voice concentration, or Screen Scoring to Songwriting) would also necessitate a change of major application.
 - a. Students interested in transferring into Vocal Performance must also meet with program faculty.
2. Interested students may apply for Fall or Spring change of major.
3. Students may not apply for a change of major before their second semester of study.
4. At latest, students may begin study in a new NYU school/program as a first-semester junior.
5. For Music Programs: Students must have completed, or placed out of, Music Fundamentals MPATC-UE 1300. If students have completed Theory and Practice 1 and Aural Skills 1, they must have received a passing grade. (Educational Theatre students do not require Music Core courses.)
 - a. Students wishing to transfer into Music Technology must take MPATE-UE 1801 and MPATE-UE 1037/1047 before applying.
 - b. Students wishing to transfer to Music Business must take MPAMB-UE 100 before applying.
 - c. Students wishing to transfer to Screen Scoring must take MPATC-UE 1049, MPATE-UE 1801, MPATC-UE 1311, MPATC-UE 1321, and either MPATC-UE 1021 or MPATC-UE 1032 before they can apply.
 - d. Students wishing to transfer to Concert Composition must take MPATE-UE 1801, MPATC-UE 1311, MPATC-UE 1321, and either MPATC-UE 1021 or MPATC-UE 1033 before they can apply.
6. Students must complete an online application (https://docs.google.com/forms/d/e/1FAIpQLSfjCR_pZAph-bmp5eTO_gXj2UjrUq5_FqkzTUs-78A4Sak4zQ/viewform?usp=sf_link) and submit a statement of purpose (a rationale for their request no more than 350 words).
7. Applications must be received by March 1 for Fall changes of major and November 1 for Spring changes of major. Programs will review applications and hold auditions, if applicable, in March and November. Programs that require auditions are: Instrumental Performance, Music Education, Vocal Performance. Programs that require portfolio review are Music Technology and Music Composition. Decisions will be made by April 15 for Fall changes of major, and December 15 for Spring changes of major.

- a. For Music Technology applicants, please email your portfolio as a Google drive folder link directly to Paul Geluso (pg17@nyu.edu), with Allison Brobst copied (amb22@nyu.edu).
- b. For Music Composition - Songwriting applicants, please email your portfolio as a Google drive folder link directly to nyusongwriting@nyu.edu.

Steinhardt Non-Primary Majors

Students pursuing a second major must follow the Steinhardt Non-Primary Major Policy (https://steinhardt.nyu.edu/current-students/register-classes/registration-policies/#secondary_major_policy).

Non-primary majors are required to take the liberal arts courses in this list (https://docs.google.com/spreadsheets/d/14WYM_OnYRjEdS72cNwAVQEx_bbJ1MhqOKDfOC1wOnTc/edit?usp=sharing) when pursuing a second major in MPAP.

1. For Screen Scoring applicants, please email your portfolio using a Google Drive folder link to screen.scoring@nyu.edu. In the email, please include your N number, current major, and your intention to transfer.
2. For Concert Composition applicants, please email your portfolio using a Google Drive folder link to Robert Honstein (rsh7@nyu.edu).

Double Major

1. Students requesting a Double Major in Steinhardt must complete the Non-Primary (Double) Major Declaration form. Detailed instructions are listed on the form.
2. Students who wish to declare a Double Major in an MPAP program must meet with the advisor of that program and also the advisor for their primary major to discuss possible course schedule options. The student must then meet with a program representative of the MPAP program of their non-primary major.
 - a. You must declare a non-primary major during or prior to the spring term of your junior year before you complete 96 points towards your degree.
 - b. You must declare a non-primary major in a field of study different from your primary major.
 - c. If you are pursuing a non-primary major you may need to earn units in excess of your degree requirements.
 - d. Please note that adding a non-primary major does not mean that you will receive two degrees. You will receive only one diploma printed with the school name and the academic department name of the primary major, not the name of the major itself.
 - e. Both primary majors, non-primary majors and minors appear on the transcript.

Incomplete Grades

Students can request an incomplete grade (<https://steinhardt.nyu.edu/current-students/register-classes/forms-and-publications/>) only:

- If a student is matriculated under exceptional circumstances
- At the discretion of the instructor
- If the student has already completed 50% or more of the coursework required

Instructors should not assign Incompletes to students without first discussing it with them. Students are responsible for initiating Incomplete grade requests.

Visiting and/or non-degree students (special students) may not apply for an incomplete.

The instructor will determine the timeframe the student will have to complete the work, but it cannot be later than the last day of classes in the following term. If the student does not complete the outstanding work by the agreed date, the incomplete grade (I) automatically turns to an F. Failing grades cannot be changed. Instructors should be mindful of deadlines when assigning Incompletes to graduating students, as students cannot get their degrees conferred with INCs on their record. The student's advisor should be looped in on these conversations.

Incomplete grades may result in failure to meet satisfactory academic progress by the Office of Financial Aid (<https://www.nyu.edu/admissions/financial-aid-and-scholarships/contact-the-financial-aid-team.html>).

Independent Study

An Independent Study is designed by the student and sponsoring faculty to investigate an area or field of specialization not normally offered in scheduled course offerings. It is an opportunity to work one-on-one with a faculty member to complete directed reading, a creative project and/or supervised research. Students must consult with their advisors before undertaking an Independent Study to understand program-specific requirements and policies.

- Only full-time faculty may sponsor an Independent Study.
- Only matriculated students are eligible to complete an Independent Study. Independent Study carries 1 to 6 units. The number of units will be determined by the work to be completed and should be comparable in rigor to that of a classroom course.
- Minimum hours required per unit: 45 hours of work per credits per term
- Maximum credits allowed: As part of specialization: as determined by each department/program
 - Total allowed
 - For undergraduate students, a maximum of 6 credits over the course of the undergraduate career
 - For graduate students, the number of credits will be specified by the program
 - Cannot be used to satisfy liberal arts requirements
- Registering for Independent Study: Students first meet with the academic advisors to determine if the student should undertake an Independent Study; they then meet with the sponsoring faculty to complete the NYU Steinhardt Independent Study form, obtaining the signatures of the sponsoring faculty member, the sponsoring faculty member's department chair and the student's advisor. Students should self-enroll in the course via Albert.
- Independent Study Title and Description: The title of an Independent Study will appear on the student transcript prefaced by the word "Independent Study". The description of the Independent Study should include its theme which may be stated as a question or issue to be explored or creative technique to be examined; its type and scope, e.g. paper or special project. Students should use the Independent Study Form (<https://steinhardt.nyu.edu/current-students/register-classes/forms-and-publications/>) to have the correct title listed on their academic transcript.

International Students

International students should review information on the OGS webpage (<https://www.nyu.edu/students/student-information-and-resources/student-visa-and-immigration/current-students/understand-your-legal-requirements.html>) to understand their legal requirements. International students should make sure to register for full-time enrollment every fall and spring semester, and also not begin any work before receiving

authorization. International Students are expected to work closely with their academic advisor to ensure that they are meeting their degree requirements. Any questions regarding immigration and visa support can be directed to the Office of Global Services (<https://www.nyu.edu/students/student-information-and-resources/student-visa-and-immigration/contact-us.html>).

Mental Health and Wellness

For students experiencing undue personal and/or academic stress during the semester that may be interfering with their ability to perform academically, the NYU Wellness Exchange (212 443 9999) offers a range of services to assist and support. The Wellness Exchange offers drop-in services on campus on a regular basis. See Wellness Exchange (<https://www.nyu.edu/students/health-and-wellness/wellness-exchange.html>) for more details.

Minor in Music in Global Communities

For the 2023-2024 academic year, any students who declared the previous MPAP music minor may permit the following exceptions in counting their courses towards the new minor curriculum: we will accept any previous Music Theory coursework towards the new minor's theory requirements, and any other Steinhardt music classes for the music electives. These exceptions will not be permitted following the end of the Spring 2024 semester.

NYU Email

All student, faculty, and administrative communications must be done using NYU email addresses, not personal email addresses. Anyone who experiences issues with their NYU email may find more information here (<https://www.nyu.edu/life/information-technology/communication-and-collaboration/email-and-communication/nyu-email.html>).

Pass/Fail Grading Option

MPAP follows NYU Steinhardt's policy on the pass/fail grading option (https://steinhardt.nyu.edu/current-students/register-classes/registration-policies/#h3_pass-fail). Undergraduate MPAP students are permitted to request pass/fail grades for courses satisfying their CORE liberal arts requirements (with the exception of Expository Writing courses) so long as they meet the other requirements noted in Steinhardt's policy. MPAP programs have differing policies regarding other classes part of a student's Program of Study that may be eligible for the pass/fail grading option (such as electives) - students who have questions about pass/fail course eligibility must speak with their academic advisor for more information on program-specific policies and consult their program handbook.

Private Lessons

Students may find more information about private lessons via the Major Lesson Information Sheet (https://docs.google.com/document/d/1uregKmtKk4RxFWFiMbLtorlu8_G_3Mpj_lqyMJJzpRk/edit?usp=sharing) and the Non-Major Lesson Information Sheet (https://docs.google.com/document/d/1czj0K-aAF7OxneuOVaDmZA0la_N63F_EO3ei-nsaaTY/edit?usp=sharing).

MPAP Majors may only take one secondary lesson per semester, and it must be for 2 credits if they are already taking a 3-credit lesson (with the exception of Jazz Studies). Students may not take primary and secondary lessons through the Theory and Composition program in the same semester.

Non-Majors may register for only one private lesson course per semester. (This does not include Group Lessons). Non-majors who do not abide by

this policy will be dropped from all private lessons. he lesson fee is non-refundable.

Student Accessibility

New York University is committed to providing equal educational opportunity and participation for all students, and academic accommodations are available for qualified students who disclose their disability to the Moses Center. Students requesting academic accommodations are advised to reach out to the Moses Center for Accessibility and Inclusive Culture as early as possible in the semester for assistance (telephone: 212-998-4980 / website: www.nyu.edu/csa (<http://www.nyu.edu/csa/>) / email: mosescsa@nyu.edu).

Study Away

MPAP majors who are interested in studying abroad may find more information here (<https://steinhardt.nyu.edu/programs/study-abroad/>).

Important dates for study abroad may be found here (<https://www.nyu.edu/academics/studying-abroad/upperclassmen-semester-academic-year-study-away/calendars.html>). NYU Global policies and procedures can be found here (<https://www.nyu.edu/academics/studying-abroad/upperclassmen-semester-academic-year-study-away/academic-resources/policies-and-procedures.html>). Students seeking study away opportunities should also consult with their academic advisor for program-specific policies.

Studying away is a program requirement for undergraduate Music Technology students. Music Technology students who are requesting to waive this requirement due to personal, academic, or financial hardship must first meet with the academic advisor for Music Technology to discuss their rationale and to review resources that may be in place to address these concerns. Following this discussion, students must submit a written petition that clearly states the reasons for their request via email to Paul Geluso, program director for Music Technology, who will review and approve or deny the request.

Summer Credit Registration

Undergraduate students may not enroll in more than 16 credits total throughout the full summer session or more than 8 credits per 6-week session. Students seeking exceptions must speak with their advisor for approval.

Minor in Music in Global Communities

All students must follow the updated curriculum (<https://bulletins.nyu.edu/undergraduate/culture-education-human-development/programs/music-global-communities-minor/#curriculumtext>).

Technology in the Classroom

Each instructor may decide the extent to which students in their classes may be permitted to use their mobile phones or laptops. Instructors must communicate this policy to students clearly, preferably in their syllabus, letting students know what they can and cannot use, and why.

Students who require accommodations to use technology in the classroom – for example, students with dyslexia, ADHD, or visual impairments who use computers to take notes and access cloud-based assistive technologies – may contact the Moses Center. Students requesting academic accommodations are advised to reach out to the Moses Center for Accessibility and Inclusive Culture as early as possible in the semester for assistance (telephone: 212-998-4980 / website: www.nyu.edu/csa (<http://www.nyu.edu/csa/>) / email: mosescsa@nyu.edu).

Students must follow the AI policy outlined in the course syllabus. If students have questions about whether using AI tools is permitted in

a course, they should speak with their instructor in advance. Students should not assume that AI use is permitted.

Tutoring

Students enrolled in MPAP Theory and Aural Courses receive access to free tutoring (<https://sites.google.com/nyu.edu/musictheory-tutoring/home/?pli=1&authuser=1>) for these courses. Students can also access tutoring services through the University Learning Center (<https://www.nyu.edu/students/academic-services/undergraduate-advisement/academic-resource-center/tutoring-and-learning/dropin-subjects.html>) and the Steinhardt Writing Center for undergraduate (<https://steinhardt.nyu.edu/current-students/nyu-steinhardt-writing-center/>) and graduate (<https://steinhardt.nyu.edu/degree/ma-media-culture-and-communication/steinhardt-graduate-writing-center/>) students. Students are also encouraged to consult with their advisor regarding possible program-specific tutoring resources.

NYU Policies

University-wide policies can be found on the New York University Policy pages (<https://bulletins.nyu.edu/nyu/policies/>).

Steinhardt Academic Policies

Additional academic policies can be found the Steinhardt academic policies page (<https://bulletins.nyu.edu/graduate/culture-education-human-development/academic-policies/>).
