The Adult-Gerontology Primary Care Nurse Practitioner Program prepares NPs to be educated, certified, and licensed to practice as primary care providers for young adults, adults, and older adults. In this role, students will provide direct healthcare services by assessing and managing both health and acute and chronic illness states. You will develop competencies in health promotion, health protection, disease prevention, and management. Our students work in community settings such as outpatient clinics, provider’s offices, long-term care settings, and patients’ homes. In this specialty NPs and their patients develop satisfying long-term relationships and become trusted health counselors and providers of primary healthcare.

Highlights
• Direct contact with expert faculty and preceptors in the field of Primary Care and Specialties that are often co-managed with primary care providers
• Prepares the student for primary care management of patients
• Small student-to-faculty seminars
• Individualized student advisement
• Internal transfers are not allowed

Goals
• Educate Primary Care Nurse Practitioners who will provide leadership in developing, implementing, and evaluating interventions that promote the highest possible quality of life for adolescent, adult and older adult patients.
• Utilize evidence-based knowledge that advances patient-centered, primary care practice.
• Prepare graduates to act as primary care providers in health care settings to promote quality, safety, and cost-effective outcomes.
• Provide experiences in primary care and specialty clinical areas that address the health care needs of diverse populations.

MS Specialty Sequences
The College of Nursing offers specialty sequences for graduate students in:

• Holistic Nursing
• Palliative Care
• Substance Use Disorders

Admissions
Access the application for our MS programs (https://apply.nursing.nyu.edu/apply/). All applicants to our MS programs are required to submit the following documents at the time of application:

1. One (1) transcript from each post-secondary school attended. We can review applications with unofficial transcripts. Admitted students will be asked to submit official transcripts prior to beginning coursework at NYU Meyers.
2. Resume.
3. A two- to three-page personal statement.
4. At least two (2) letters of recommendation.
5. RN license and registration certificate. You may submit an application with an out-of-state license, but admitted students must obtain a New York State RN license prior to beginning coursework at NYU Meyers.

Applicants who have attended a post-secondary institution outside of the United States are required to upload one (1) transcript from each post-secondary school attended and submit one (1) official course-by-course evaluation of each foreign transcript directly to our office at the time of application. Your application will not be reviewed without these documents. Please mail your official course-by-course evaluation(s) to:

NYU Rory Meyers College of Nursing
Office of Student Affairs and Admissions
433 First Avenue, LL1
New York, NY 10010

For applicants whose native language is not English, a copy of your latest TOEFL or IELTS score is required. Admitted students will be asked to submit official test scores prior to beginning coursework at NYU Meyers. We require a minimum TOEFL internet-based score of 100 and an IELTS Band score of 7.

Admissions information can be found on our website: See Master’s (MS) (https://nursing.nyu.edu/academics/masters/?tgid=nyunursing-tabs-6381&tid=apply) for additional admission instructions and eligibility requirements specific to this program.

Learning Outcomes

Upon successful completion of the program, graduates will:

1. Demonstrate critical thinking and decision-making based on a synthesis of appropriate theories and evidence from nursing and other sciences as related to the roles of nurse practitioners, nurse-midwives, and/or roles as educators, administrators, informaticists, or clinical research nurses.

2. Perform role competencies defined by national professional organizations for nurse practitioners, or nurse-midwifery roles and/or roles as educator, administrator, informaticist, or clinical research nurse.

3. Demonstrate evidence-informed decision-making related to a specific advanced practice role.

4. Advocate for universal access to quality and cost-effective healthcare for all populations across the lifespan.

5. Collaborate as members of interprofessional teams to achieve high-quality and cost-effective health outcomes.

6. Demonstrate advanced professional practice role competencies related to educational, leadership, policy, organizational, and management outcomes.

7. Demonstrate ethical decision-making in the context of personal and professional codes and guidelines.

8. Articulate a personal and professional philosophy about the Advanced Practice Nursing role that reflects patient-centered care, respect for diversity, cultural values, and a commitment to the preservation of human rights based on professional standards of practice, scope of practice, and respective professional codes of ethics.

10. Demonstrate effective written, verbal, and technological communication skills that influence the achievement of professional and health-related client outcomes in organizational, legislative, and policy settings.
