

STUDENT SERVICES

Participation in the Advanced Nursing Student Organization (<http://nursing.nyu.edu/advanced-nursing-student-organization/>) (ANSO) is an excellent way to remain connected to NYU Meyers as a master's or advanced certificate student. It is a student-run organization that serves as the voice of the students to NYU Meyers administration, faculty and staff. In addition, they sponsor networking events and workshops.

Students should also be sure to check the Academic Advising website (<https://nursing.nyu.edu/current-students/advisement/>) regularly for important forms, information on APA writing workshops, resume assistance, and writing skills tutoring.

Students who are interested in ways to get involved with the greater NYU community should be sure to review the Graduate Life website (<https://www.nyu.edu/students/communities-and-groups/graduate-students/graduate-life.html>), which is sponsored by the NYU Student Resource Center.
