# HEALTH POLICY AND MANAGEMENT: FINANCIAL MANAGEMENT (ADVANCED CERTIFICATE)

NYSED: 84157 HEGIS: 1202.00 CIP. 51.0702

## **Program Description**

This Advanced Certificate is designed for students with, or aspiring toward, a career in finance in the nonprofit or public sectors.

The curriculum exposes students to a broad array of analytical tools, including economics, budgeting, accounting, capital financing, investment management, debt management, and financial statement analysis.

#### Admissions

Admission to the Advanced Certificate program requires the following:

- · Online Application
- Essay
- Resume
- · Transcripts
- · Application Fee

Admission is selective and based on the applicant's prior academic record and professional achievements. Advanced Certificate candidates are not eligible for scholarship. For more information, please contact wagner.admissions@nyu.edu.

Due to constraints relevant to US immigration regulations, applicants who will need an F-1 or J-1 student visa are not eligible to apply to certificate programs.

Students currently enrolled in a Wagner degree program cannot be admitted to nor simultaneously enrolled in a Wagner Advanced Certificate program.

See Advanced Certificate and Non-Degree Application Checklist (https://wagner.nyu.edu/admissions/degree-checklist/apc-nd/) for additional admission requirements and instructions specific to this program.

International Applicants should review the International Applicant Checklist (https://wagner.nyu.edu/admissions/degree-checklist/international/) for a complete and comprehensive list of application requirements and instructions.

## **Program Requirements**

Students must complete 12 credits to obtain this Advanced Certificate. The curriculum is designed to be completed in two to three semesters, however students may take up to three years.

| Course                 | Title                | Credits |
|------------------------|----------------------|---------|

|                   | Total Credits   | 12      |

### **Learning Outcomes**

Upon completion of the program, students will be able to:

- Align organizational and institutional policies and practices with mission, strategy, culture, and broader policy objectives.
- Secure and manage financial resources in a way that aligns with mission and strategy.
- Demonstrate understanding of the policy lifecycle and the impact of social, economic, demographic, political, environmental, and regulatory factors.
- Evaluate policies using appropriate, evidence-based methods and tools, including measuring differential impact on sub-populations.
- 5. Deploy conceptual frameworks to break down problems into constituent elements and to develop solutions.
- Critically assess and synthesize existing research to identify its contributions and limitations, as well as possible research alternatives.
- Demonstrate understanding of causality, including distinguishing between correlation and causation, the challenges to estimating causal relationships, and the importance of causality for determining impact.
- Prepare succinct, well-argued, and well-organized written materials and verbal presentations with appropriately incorporated tables, graphs, and other visuals.
- Translate awareness of the impact of individual and group demographics and identities into appropriate organizational, institutional, and societal policies and practices.
- Lead projects, programs, and people, and manage resources in ways that adapt to changing social, economic, demographic, technological, and political conditions.
