HEALTH POLICY AND MANAGEMENT: HEALTH POLICY ANALYSIS (ADVANCED CERTIFICATE)

NYSED: 84158 HEGIS: 1202 CIP: 51.0702

Program Description
NYU Wagner’s Health Policy and Management program has been recognized as one of the best in the country. We draw from this program to bring you this Advanced Certificate, offering analytical skills for professionals in health policy. This Advanced Certificate will allow you to evaluate programs and policies, conduct high-level statistical analysis, and explore current issues in health policy.

Admissions
Admission to the Advanced Certificate program requires the following:

- Online Application
- Essay
- Resume
- Transcripts
- Application Fee

Admission is selective and based on the applicant’s prior academic record and professional achievements. Advanced Certificate candidates are not eligible for scholarship. For more information, please contact wagner.admissions@nyu.edu.

Due to constraints relevant to US immigration regulations, applicants who will need an F-1 or J-1 student visa are not eligible to apply to certificate programs.

Students currently enrolled in a Wagner degree program cannot be admitted to nor simultaneously enrolled in a Wagner Advanced Certificate program.

See Advanced Certificate and Non-Degree Application Checklist (https://wagner.nyu.edu/admissions/degree-checklist/apc-nd/) for additional admission requirements and instructions specific to this program.

Program Requirements
The curriculum offers an opportunity for students to hone their quantitative analysis skills through a series of statistics and evaluation courses which must be taken in sequence. Students must complete 15 credits to obtain this Advanced Certificate. The curriculum is designed to be completed in two to three semesters, however students may take up to three years. Students must waive (https://wagner.nyu.edu/portal/students/incoming/getting-started/waivers/) prerequisite courses if they are required for any of the courses a student wishes to take toward the Advanced Certificate. If students are unable to waive the course(s), only one course may count toward the certificate and other courses would need to be completed in addition to the Advanced Certificate.

Learning Outcomes
Upon successful completion of the program, graduates will:

1. Align organizational and institutional policies and practices with mission, strategy, culture, and broader policy objectives.
2. Secure and manage financial resources in a way that aligns with mission and strategy.
3. Demonstrate understanding of the policy lifecycle and the impact of social, economic, demographic, political, environmental, and regulatory factors.
4. Evaluate policies using appropriate, evidence-based methods and tools, including measuring differential impact on sub-populations.
5. Deploy conceptual frameworks to break down problems into constituent elements and to develop solutions.
6. Critically assess and synthesize existing research to identify its contributions and limitations, as well as possible research alternatives.
7. Demonstrate understanding of causality, including distinguishing between correlation and causation, the challenges to estimating causal relationships, and the importance of causality for determining impact.
8. Prepare succinct, well-argued, and well-organized written materials and verbal presentations with appropriately incorporated tables, graphs, and other visuals.

9. Translate awareness of the impact of individual and group demographics and identities into appropriate organizational, institutional, and societal policies and practices.

10. Lead projects, programs, and people, and manage resources in ways that adapt to changing social, economic, demographic, technological, and political conditions.
