Research Centers and Institutes

One of New York University's strengths is its vast array of institutes and centers that are not only an important part of the academic setting of the University, but are also a vital part of its cultural setting.

From leading international centers for research and education, to one of the most technologically advanced lecture halls and screening facilities in New York City, the varied institutes and centers at NYU serve as critical points of convergence for the University experience.

NYU offers unique opportunities to study at specialized centers which also offer degrees for academic studies.
