Program Description

The Music Program at NYU Abu Dhabi is committed to educating a new generation of musicians, capable of making and thinking about music from transnational and interdisciplinary perspectives. We seek to enrich the education and experience of all NYUAD students and foster a vibrant and diverse musical community.

Non-majors may engage with the Music Program in a variety of ways - from developing musical skills through lessons, group classes, and ensembles to integrating one of our many cross-listed seminar courses into a broader program of study.

In the twenty-first century, music defies boundaries. Composers and performers now consistently stretch their art beyond the strictures of traditional instruments and sounds, and sometimes even beyond the realm of sound itself into engagement with movement and interactive media. Meanwhile, music has become a topic of cutting-edge scholarly work in such diverse disciplines as computer science, disability studies, history, neuroscience, philosophy, psychology, and sociocultural anthropology.

The Music Program fully embraces this reality. The faculty engage with multiple disciplines in their scholarly work, creative work, and teaching. The Program maintains key participation in the minors in Arab Music Studies, Anthropology, African studies, Peace Studies, and Sound and Music Computing, as well as curricular synergies with Film, Theater, and Interactive Media.

By taking advantage of the uniqueness of Abu Dhabi as a cosmopolitan city and an international hub, the Music Program offers students opportunities to learn first-hand about a diverse range of traditional and popular music spanning various cultures and styles.

We connect our students to the thriving music and media scenes in Abu Dhabi, Dubai, and other dynamic urban centers in the MENA, East Africa, and India (not to mention Europe and North America), by facilitating artist visits, field trips, and various opportunities for study and internship.

What is more, the close relationship between the Music Program and the NYUAD Arts Center opens many opportunities for students to engage with world-renowned artists through a range of activities, from educational workshops to recording sessions in our state-of-the-art facilities.

The Music major requires a minimum of 12 courses for a minimum of 48 credits.
