

ANIMAL STUDIES (MINOR)

Department Website (<http://as.nyu.edu/environment/>)

Program Description

The NYU Animal Studies minor draws from courses in the humanities, social sciences, and natural sciences to provide students with a wide range of options to choose from – from biology and environmental science to art and literary studies, from sociology and anthropology to ethics, law, and policy. This minor can be combined with any major and will help students develop strengths in a variety of academic and professional fields. The NYU Animal Studies minor is one of only very few opportunities in the country to incorporate animal studies into a college degree. Please add the sentence: To declare a minor in animal studies, contact the adviser for animal studies at animal.studies.advising@nyu.edu.

Minor Declaration

To request declaration of a minor, CAS students should visit the host department. To request declaration of a cross-school minor, CAS students should complete the online Minor Application available in their Albert Student Center. Students may also use the Minor Application (<http://www.nyu.edu/students/student-information-and-resources/registration-records-and-graduation/registration.html>) in Albert to request cancellation of a CAS or cross-school minor.

Program Requirements

The minor requires 16 credits, comprised of the following:

| Course | Title | Credits |
|---|---|---------|
| Minor Requirements | | |
| Select four of the following: | | 16 |
