Academic Advising at Tisch

You will meet with an academic adviser from your department at least once a semester to discuss course selections for the following term, but you can also schedule additional meetings as questions arise throughout the year. To get the most out of your meeting with your adviser, it's important to come prepared.

The Academic Services team supplements departmental advising and is available to advise you in any area of your academic life at Tisch.

Contact Academic Services if you have any questions about registration, degree requirements, study away, minors, exceptions to policies, or anything else related to your academic career. Academic Services is located in the Tisch Office of Student Affairs and they are here to help you. Call **212-998-1900** or email them at tisch.academic.services@nyu.edu to arrange a time to meet.

What courses should I take next semester? What are the remaining requirements to fulfill my major? When should I study abroad? These are some of the questions an academic adviser in your department (https://tisch.nyu.edu/student-affairs/advancement-academic-services/contact_advisor/) can help answer.

The Academic Services staff in the Office of Student Affairs is also available to help. They handle the awarding of AP credits, registration changes, minors, second majors, exceptions to academic policies, and anything else related to your academic life. They also work closely with department advisers (https://tisch.nyu.edu/student-affairs/advancement-academic-services/contact_advisor/) to to make sure you get the best possible guidance.
