

GLOBAL EXPERIENCES OFFICE

The Global Experiences Office (<https://www.stern.nyu.edu/programs-admissions/undergraduate/global-experiences/>) (GEO) supports the NYU Stern Global Pillar. We seize opportunities to expand our perspectives and serve as global ambassadors. Our programs are designed to help students increase their professional and personal intercultural competencies and improve their ability to bridge across cultural differences. Students engage with our office through our short and long-term programs: Stern's International Business Exchange (<https://www.stern.nyu.edu/portal-partners/current-students/undergraduate/global/international-business-exchange-program/>) (IBEX) and Stern Around the World (SAW) short-term immersions (<https://www.stern.nyu.edu/portal-partners/current-students/undergraduate/global/short-term-immersions/>).
