

CHILD DEVELOPMENT AND SOCIAL INTERVENTION (MINOR)

Program Description

This 16-credit minor introduces students to the primary factors that influence the contexts in which children and adolescents develop. The program exposes students to the prevention and intervention efforts addressing psychological, social, educational, and health problems. Students who successfully complete the minor will have gained a solid knowledge base that will help prepare them for graduate studies in psychology. This minor is open to all undergraduate students at NYU with the exception of students majoring in Applied Psychology through Steinhardt.

Minor Declaration

To request declaration of a minor, Steinhardt students should discuss requirements with the minor department's advising team and complete the Minor Application (<http://www.nyu.edu/students/student-information-and-resources/registration-records-and-graduation/registration.html>) in Albert. To request declaration of a cross-school minor, Steinhardt students should complete the online Minor Application available in their Albert Student Center. Students may also use the Minor Application (<http://www.nyu.edu/students/student-information-and-resources/registration-records-and-graduation/registration.html>) in Albert to request cancellation of a Steinhardt or cross-school minor. For questions related to the declaration or cancellation of a minor, students can contact the Steinhardt Advisement and Registration Team at steinhardt.advisement.registration@nyu.edu.
