CHILDHOOD EDUCATION/ CHILDHOOD SPECIAL EDUCATION (BS)

NYSED: 22743 HEGIS: 0802.00 CIP. 13.1202

Program Description

This dual-certification Bachelor of Science program in Childhood Education and Childhood Special Education is designed to prepare teachers in both childhood education (grades 1–6) and special education settings. Students are exposed to an integrated curriculum emphasizing human variability and are prepared in the various content areas of the elementary curriculum.

The curriculum includes a full range of field experiences and observations, culminating in four semesters of student teaching opportunities in a public or independent school.

Honors

- · Honors Societies: Phi Delta Kappa, Kappa Delta Pi, Pi Lambda Theta
- Departmental Honors: Senior Honors Seminar for students with at least a 3.5 GPA, cumulative and major, culminating in an honors thesis based on faculty-supervised independent research

See departmental honors for additional honors information.

Admissions

New York University's Office of Undergraduate Admissions supports the application process for all undergraduate programs at NYU. Learning Outcomes

Upon successful completion of the program, graduates will:

- Build relationships with students and families with the goal of fostering student learning, engagement and well-being.
- 2. Integrate theory/research with pedagogical and classroom practice.
- 3. Develop and implement discipline-based curricula, unit plans and lessons that are coherent, use culturally relevant pedagogies, and foster experiential learning.
- Create and apply classroom strategies that are explicit, innovative, appropriate for a specific context, and use technology to support student learning.
- Develop a practice that is equitable and inclusive and acquire the skills of a professional educator.

Policies Grading Policies

Students can review the Department of Teaching & Learning Academic Policies in our Undergraduate Advising Guide.

Fieldwork Placement

Be advised that fieldwork placement facilities that provide training required for your program degree, and agencies that issue licenses for practice in your field of study, each may require you to undergo general and criminal background checks, the results of which the facility or agency must find acceptable before it will allow you to train at its facility or issue you a license. You should inform yourself of offenses or other facts that may prevent obtaining a license to practice in your field of study. NYU Steinhardt will not be responsible if you are unable to complete program requirements or cannot obtain a license to practice in your field because of the results of such background.
