

# STUDENT SERVICES

Steinhardt's Office of the Associate Dean for Student Affairs is responsible for various student development and administrative services, which include advisement, registration services, counseling services, international student services, special student advisement, teacher certification, undergraduate and graduate student services.

The office works closely with the academic units of the school to facilitate the advisement process and other policies and procedures such as student academic progress, the Steinhardt Honors Program, student discipline, student awards and honors, and the New Student Seminars.

Steinhardt Student Affairs maintains a close liaison with the various student services administered by the University, including the health center, financial aid, career services, undergraduate admissions, housing, and student life.
