APPLIED PHYSICS (MINOR)

Department Website (https://engineering.nyu.edu/academics/departments/applied-physics/)

Program Description
The Applied Physics Department offers a Minor in Applied Physics which consists of a set of 4 or more physics courses totaling at least 15 credits. This includes the entire introductory physics sequence as well as four or more courses that each have one or more introductory physics courses as prerequisites.

Applying for the Minor
Apply for a minor in Albert using the link in the My Academics section of the Student Center.

Students should apply for the minor before applying for graduation. After applying for the minor, the application is then forwarded to the Home School Advising Office, Host School Advising Office, Host School Department/Program, and the Academic Dean’s office.

The departmental advisers governing the minor will have access to approve or disapprove the minor online using the Graduation Tracking Search page. If a student is registered for a course for the minor during their last semester, the adviser can still set the status to departmental approved pending current courses.

Program Requirements
The minor requires the completion of the following prerequisite courses:

- PH-UY 1013 MECHANICS
- PH-UY 2023 ELECTRICITY, MAGNETISM, & FLUIDS
- PH-UY 2033 WAVES, OPTICS, & THERMODYNAMICS
- PH-UY 2121 General Physics Laboratory I
- PH-UY 2131 General Physics Laboratory II

Plus at least 4 more physics courses totaling at least 15 credits.

Policies
GPA Requirement
Students must obtain an overall 2.00 GPA in all minor courses in order for the minor to be awarded.

Transfer students must earn at least 8 credits with a 2.0 GPA at the School of Engineering.

NYU Policies
University-wide policies can be found on the New York University Policy pages (https://bulletins.nyu.edu/nyu/policies/).
