

# FINANCE (MINOR)

## Program Description

The Department of Finance and Risk Engineering offers an Undergraduate Minor in Finance. The intent of this program of study is to allow NYU Tandon School of Engineering undergraduate students in the sciences and engineering to leverage their mathematical talents in a selected number of appropriate courses. This cross-school minor is also open to other NYU students with sufficient mathematics preparedness.

See Undergraduate Minor in Finance (<https://engineering.nyu.edu/academics/departments/finance-and-risk-engineering/undergraduate-minor-finance/>) for more information about the minor.

## Applying for the Minor

Apply for a minor in Albert using the link in the My Academics section of the Student Center.

Students should apply for the minor before applying for graduation. After applying for the minor, the application is then forwarded to the Home School Advising Office, Host School Advising Office, Host School Department/Program, and the Academic Dean's office.

The departmental advisers governing the minor will have access to approve or disapprove the minor online using the Graduation Tracking Search page. If a student is registered for a course for the minor during their last semester, the adviser can still set the status to departmental approved pending current courses.

## Program Requirements

Course	Title	Credits
<b>Required Courses</b>		
FIN-UY 2003	Economic Foundations of Finance	3
FIN-UY 2103	Creating and Understanding Financial Statements	3
FIN-UY 2203	Corporate Finance and Financial Markets	3
<b>Elective Courses</b>		
Select at least 2 from the following:		6
FIN-UY 3233	Derivatives and the Options Market	
FIN-UY 3403	Entrepreneurship and Financial Management	
FIN-UY 3503	Financial Risk Modeling & Analytics	
FIN-UY 4903	Special Topics in Finance and Risk Engineering	
<b>Total Credits</b>		<b>15</b>

## Course Prerequisites

FIN-UY courses require knowledge of calculus and other higher mathematics. Please check each course for prerequisite details.

## Recommended Course Sequence

The prerequisite structure of the Minor requires that you complete the core courses before beginning the electives.

## Additional Curriculum Information

Students will need to complete 15 credits of courses designated as FIN-UY to earn a Minor in Finance. At least 9 of these credits must be earned at the School of Engineering in courses labeled "FIN-UY". There are approved substitutions that exist for the core courses, and some selected courses outside FIN-UY can be counted as electives. See Undergraduate

Minor in Finance (<https://engineering.nyu.edu/academics/departments/finance-and-risk-engineering/undergraduate-minor-finance/>) for more details on this minor.

## Policies

### Program Policies

#### GPA Policy

You must have a cumulative GPA of 2.0 in FIN classes to successfully complete the Minor in Finance.

### NYU Policies

University-wide policies can be found on the New York University Policy pages (<https://bulletins.nyu.edu/nyu/policies/>).

### Tandon Policies

Additional academic policies can be found on the Tandon academic policy page (<https://bulletins.nyu.edu/undergraduate/engineering/academic-policies/>).
