

FINANCE (MINOR)

Program Description

The Department of Finance and Risk Engineering offers an Undergraduate Minor in Finance. The intent of this program of study is to allow NYU Tandon School of Engineering undergraduate students in the sciences and engineering to leverage their mathematical talents in a selected number of appropriate courses. This cross-school minor is also open to other NYU students with sufficient mathematics preparedness.

See Undergraduate Minor in Finance (<https://engineering.nyu.edu/academics/departments/finance-and-risk-engineering/undergraduate-minor-finance/>) for more details on this minor.
