

TUITION AND FEES

Registered students are assessed tuition and fees based on a variety of factors. The following criteria are used to determine the amount of tuition a student is assessed each semester:

- School or College within New York University
- Program
- Credit Hours Enrolled

NYU students are placed into one of the university's schools or colleges, based on their major or program. A student's level is defined as Undergraduate, Graduate or Professional (Medical, Dental or Law). The level of the courses is not a factor in how students are assessed. Students who register for classes outside of their home school are charged their home school rate. Rates for the Fall, Spring and Summer terms are listed below by year and school. January Term rates are based on the school offering the class.

To determine semester tuition, please use NYU's tuition and fees calculator (<https://www.nyu.edu/students/student-information-and-resources/bills-payments-and-refunds/tuition-and-fees.html>).

Disclaimer: The Board of Trustees of New York University reserves the right to alter the schedule of fees without notice

Course and School Based Fee

Certain courses and schools charge additional fees such as lab fees, etc. The charge is assessed at the time of registration for that particular course.

Deferred Computer Charge

The NYU Book Store/Computer Store offers students the option of deferring payment of a portion of their computer purchase and being billed in equal installments on the student bill.

Deferred Payment Plan - Application Fee

Students/authorized users who enrolled in the Deferred Payment Plan are assessed a \$50.00 enrollment fee.

Deferred Payment Plan - Late Payment Fee

Students/authorized users who are late in submitting payment on their Deferred Payment Plan are assessed a \$25.00 late payment fee (per installment).

Finance Charge

A Finance Charge will be imposed on unpaid student accounts, from the first day of classes, until the outstanding balance is paid in full. The amount of the Finance Charge is determined by applying a periodic rate of one percent (1%) per month to the "average daily balance" of your account. The corresponding annual percentage rate is twelve percent (12%).

Housing and Meal Plan

On-campus housing rates for undergraduate and graduate students and dining plan information are available on the Office of Residential Life

and Housing Services page (<https://www.nyu.edu/students/student-information-and-resources/housing-and-dining/on-campus-living.html>).

International Student Fee

It is the policy of New York University that the International Student Fee (\$90.00) is charged to an international student every time the student registers for class. This means the student will be charged for registration in the Fall Semester, and again in the Spring Semester. If the student chooses to enroll for Summer classes, the student will be charged only once for the summer.

Late Registration Fee

Review NYU's late registration fees. (<https://www.nyu.edu/students/student-information-and-resources/bills-payments-and-refunds/tuition-and-fees.html>)

Replacement ID Charge

Students who receive a replacement ID card from the Office of Public Safety are assessed a \$25.00 charge.

Student Health Insurance

Most students are enrolled automatically in the NYU-sponsored Student Health Insurance Plan as part of the course registration process. Students must complete the online enrollment/waiver process each academic year beginning in the fall to ensure that they are enrolled in the plan of their choice; supplement their current insurance with an NYU-sponsored plan, or waive the NYU-sponsored plans.
