

# STUDENT SERVICES

---

The number one goal at NYU Rory Meyers College of Nursing is to assist students in being successful throughout their academic progression. All enrolled students are provided with an academic adviser to whom they are assigned until graduation. Students are encouraged to take advantage of all the support resources offered by the college including academic support workshops, tutoring for designated courses, peer advising, and participation in leadership opportunities by joining the college's student organizations and participating in career development and volunteer events.

For questions about Student Affairs, or for more information on how to get involved at NYU Meyers, please email the Student Affairs Officer (Nursing.StudentAffairs@NYU.Edu).
