

# PUBLIC POLICY ANALYSIS (MINOR)

---

## Program Description

The Public Policy Analysis minor provides students with the core skills necessary to develop an analytic framework for understanding the causes and consequences of public policies. It includes courses in the politics of the policymaking process; the economic analysis of public policies in terms of their impacts and distributive consequences; normative analysis of policy problems and means of implementation, and quantitative methods with a specific policy focus.

## Minor Declaration

Students can apply for the minor via NYU Albert (<http://albert.nyu.edu/>) in the My Academics section of the Student Center.
